

Here to help your business **thrive**

Welcome to **BEES**

BEES is here to help you run your business in a brand new way. With BEES, you can browse products, see promotions, place orders, schedule deliveries, and view invoices – all in one place.

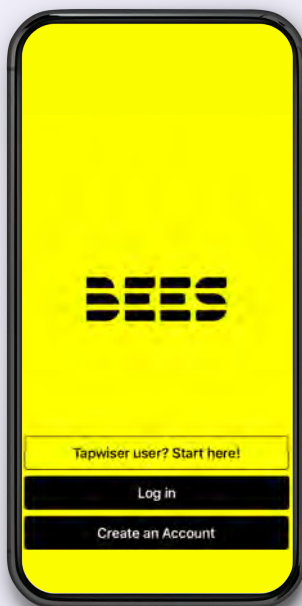

Download BEES US today and find out how BEES is ready to help you and your business grow.

Visit support.mybees.com for more information.

Create an account

Create a BEES account in a few quick steps to begin browsing products and placing orders.

Step 1

Create a new account.

Step 2

Create an account using information from a recent invoice:

- Account Number
- Invoice Number
- Postal Code

Step 3

Tap Settings to connect new accounts or change password.

Access 24-hour support via the Help links.

Browse full catalog

Browse BEES for round-the-clock visibility into our products, prices, and promotions.

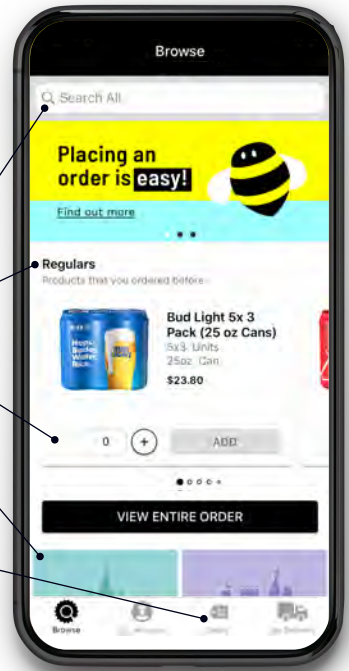

Search all available products.

Browse Regulars for items from past orders.

Choose quantities by unit or case and add to delivery.

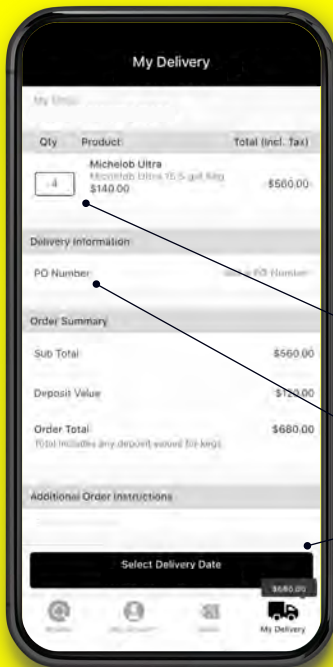

View items by Brand, Product Type, Style, or Packaging.

See all deals and promotions in one place.

Order your favorite products

When you're ready to check out, BEES makes it easy to review your purchase, schedule a delivery, and finalize your order.

Update order quantities or delete items directly from your cart.

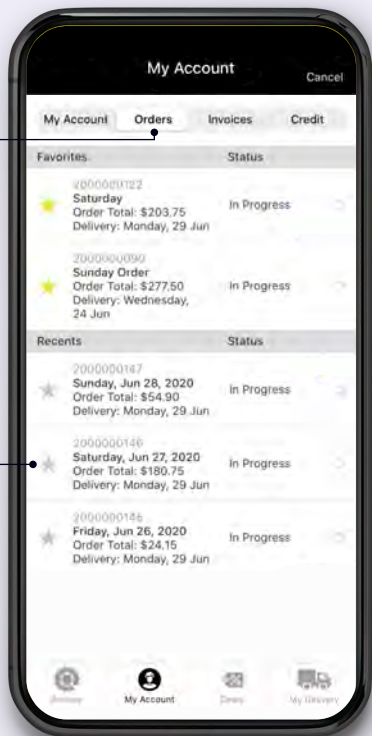

Indicate returns and PO numbers, if needed, before finalizing deliveries.

Tap to submit order or select delivery date if available. Once submitted you will receive a confirmation e-mail.

Manage your business

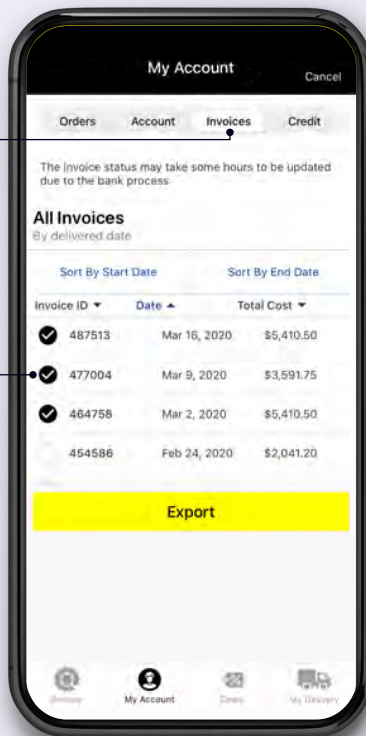

The BEES app puts your past and current orders and invoices in one central place to help you find what you need.

Orders

- View status and expected delivery of current orders.
- Add recent orders to your cart.

Invoices

- View past invoices, and quickly re-order from past invoices.
- Export, print, or email selected invoices.
